

Meet smarter

Glip by RingCentral is a modern online meetings experience powered by RingCentral's most trusted business communications platform. It has everything you need to meet smarter and get work done: high-quality video, audio, screen sharing, and team messaging all combined into a single hub. All your meetings and collaborations are encrypted using industry-standard encryption so all of your conversations are private and secure.

Features

- HD audio and video
- Unlimited 1:1 and group meetings with 24 hours duration
- Powerful browser-based video meetings—no downloads needed¹
- Switch a live meeting between devices with one click
- Quality-of-service analytics and usage insights across video and message
- Background noise reduction
- In-meeting public and private chat
- Up to 200 interactive video participants²
- Mobile and desktop meeting client with presence and instant messaging
- Enterprise-grade security and reliability
- Virtual backgrounds and closed captioning
- Waiting rooms
- VoIP with call-in and call-out audio options (500 minutes included per user)
- Single Sign-on
- Delegate scheduling
- Interactive multimedia content and screen sharing
- Cloud meetings recording (100 hours/10 GB per user)
- Personal meeting ID
- Integration with Google Workspace, Microsoft 365 productivity suites, and other business apps such as Microsoft Teams, Salesforce, and Slack
- Built-in team messaging with file sharing and tasks managements

¹Available for Chrome and Microsoft Edge browsers (more browsers coming soon).

²Requires an upgrade to a paid edition (Glip Pro+).

Benefits

Easy to join meetings:

Join from your desktop, browser, video, or mobile device—no downloads or plug-ins required. You can also join from a variety of different applications, including Google and Microsoft Calendar. Easier-to-join experiences mean that meetings get started on time.

Easy to schedule meetings:

With one click, the join information is automatically populated so it's easy to schedule even on the road—no downloads or plug-ins needed.

Powerful background noise reduction technology:

Automatically filter common sounds and shut them off. No more dogs barking, doorbells ringing, or loud keyboard typing!

Exceptional mobile experiences:

Join from any device. You can easily view and share content and participate in two-way HD video. And mobile scheduling is easy.

How to buy

Glip by RingCentral is available in two editions: Glip Pro and Glip Pro+. Get started for free with Glip Pro or upgrade to Glip Pro+ for access to administrative features. Visit glip.com to learn more.

HD video conference

Among current communications providers, RingCentral's long cloud history across messaging, video meetings, and phone makes us ideally suited to build a meetings solution that addresses your concerns. Glip by RingCentral delivers a fast, smart, and open solution that distinctly fits today's agile workforce.

Video meeting analytics dashboards

Get a dashboard view of meetings usage across your organization, with the ability to drill down into user activities or network conditions affecting the video meeting. Real-time and historical in-meeting activity data provide help desk personnel, IT staff, and senior leadership the service intelligence they need to measure ROI, identify and solve problems, and make informed decisions.
